  - c. the requirements associated with the remission of sins.

Introduction:

- I. THE SCRIPTURES REVEAL WHAT THE REMISSION OF SINS IS
  - A. The word translated "remission" is also defined as "freedom," "pardon," "deliverance," "forgiveness," and "liberty."
  - B. An illustration of the remission of sins is given in Hebrews 10:15-17.
    1. The writer quoted Jeremiah 31:31-34 [a prophecy of a new covenant].
    2. One of the features of this new covenant is that God will no longer remember sins and iniquities.
  - C. In the Scriptures, the remission of sins is forgiveness or removal of sins.
- II. THE SCRIPTURES REVEAL WHY WE NEED THE REMISSION OF SINS
  - A. According to 1 John 3:4, sin is the transgression of God's law.

  - D. Thankfully, God has made the remission of sins available to us.
- III. THE SCRIPTURES REVEAL THE REQUIREMENTS ASSOCIATED WITH THE REMISSION OF SINS
  - A. The remission of sins requires the shedding of blood (Hebrews 9:22).
    1. Animal blood cannot provide the remission of sins (Hebrews 10:4).
    2. Only the blood of Christ provides the remission of sins (Matthew 26:28; Romans 3:23-25).
  - B. The remission of sins requires action.
    1. The Lord did His part when He shed His blood on the cross.
    2. We learn from Acts 2:36-38 that the Lord requires us to repent and to be baptized in His name [these requirements were given to Jews].
    3. The Lord requires the same from Gentiles (Acts 10:42-43, 48).
  - C. The remission of sins requires preaching.
    1. John's preaching illustrated this principle (Mark 1:4).
    2. Jesus included preaching the remission of sins when He gave His Great Commission (Luke 24:45-47).

Conclusion:

1. The Lord made the remission of sins available when He shed His blood on the cross.
